

Michigan a Free and Independent nation=state & Michigan General Jural Assembly de jure Time Line

History in Chronological Order

This is an Update and Correction

Month of January 2010

Michigan formed a General Jural Assembly with a minimum of 27 members.

Research starts and has not stopped to date.

Purpose: to establish a De Jure Grand Jury which is superior to De Facto Grand Jury per the Corpus Juris Secundum = C.J.S. (38a)

Month of May 2010

Michigan established Operations and Functions document

Michigan established County Settlement Covenant document

Purpose: to state our AUTHORITY, our RIGHTS and the AUTHORITY to EXERCISE those RIGHTS -

This is based on organic historical documents.

Month of February 2011

Michigan GJA voted and approved the language within the county settlement covenant document.

We assembled in Counties with the minimum number of members=petite=13 to establish the county. Each county established office positions and elected officers to fill those positions in order to run the county per the County Settlement.

We then published the County Settlement document in the county legal paper for three (3) consecutive weeks to receive an Affidavit of Publication which shows that we have established Superior position over De Facto.

We published the County settlement in eight (8) counties. No rebuttal.

Balance of the counties were placed into a Territory since following original jurisdiction for Michigan

Michigan established the Covenant (some states may want a Constitution).

Purpose: to establish Michigan under original jurisdiction.

Month of July 2011

We sent a letter to Judge Advocate General=JAG showing we are under original jurisdiction to remove us from the Lieber Codes of 1863=(specifically General Order #100) and that their silence is acquiesce. No rebuttal.

Month of October 2011

We sent a "Declaration of Separation and Clarification" letter to Republic for the united States of America=RuSA=James Timothy Turner. No rebuttal.

Purpose: Michigan a Free and Independent state=Michigan General Jural Assembly no longer a member of RuSA organization.

Month of January 2012

We sent package to The Hague. No rebuttal.

Month of April 2012

We published in Wall Street Journal=WSJ (Europe, Asia, US). No rebuttal.

We sent a Letter of Rogatory to Judge Advocate general=JAG, Michigan Governor, Secretary of State, Attorney General, State Police, Federal Bureau of Investigation=FBI, US Marshall Service. No rebuttal.

Month of June 2012

We sent a letter to ALL 83 Michigan County Offices of Sheriff. No rebuttal.

All communications were sent via Certified Mail return receipt.

Process Server Receipt for noticing the Michigan Provost Marshall and the Commander of the Michigan State Police.

Months of July-October 2012

We read into De facto County Board of Commissioners meeting minutes the settled County Settlement documents. No rebuttal.

Month of October 2012

We reseeded our Federal House of Representatives and Senate from 1861. (Oct 21, 2012)

With succession, we established a De Jure Republican form of government with Interim President of the United States of America.

Purpose: This federal level body has a purpose to orchestrate elections under the oversight of the military per the Orders.

Purpose: This establishes a federal superior government over the De Facto which gives our military a civilian authority to provide directions.

Purpose: Any actions the Military takes against the De Facto are covered by the orders of the De Jure Republication form of government and civilian authority.

Purpose: This cannot be considered as a military coup, it will be considered a military up holding their Oath to defend the Constitution and We THE People from all enemies both foreign and domestic.

*Sent registered email including a Cover letter, new Declaration of Independence, Orders to United Nations, Navy=Secretary of the Navy, Council of Navy, Joint Chiefs of the Pentagon. (Oct 21, 2012)
No rebuttal.*

Month of November 2012

These documents were published on Nesaranews.blogspot.com for public notice and sent to the Nation State contact list so they can inform their states' assemblies and vote if they wished to sign. (Nov 16, 2012)

Grade schoolbook [The Young American 1843](http://TheYoungAmerican1843.com) by Goodrich found on line early Oct 2012. Link sent to NESARA.blogspot.com (Nov 16 2012) Referenced in footnotes of Hinkle re-declaration petition (Nov 25 2012)

Here are a couple of Interesting tidbits:

Every time we brought up the concept of publishing aka giving public notice on a call or in an email, it was shot down and/or belittled by some "guru". Well, we learned from history and recalled the stunt Nero pulled on the Roman Citizens. After Rome burnt, Nero had all Roman Citizens declared dead and their estates put into trust controlled by the Senate. All a Citizen would have had to do to gain control of his property was to go before the Senate with a Scribe and declare himself living and have the scribe record it in the proceedings aka public notice. We followed a similar action in publishing in papers in the legal notices. After publishing about 5 county settlements, the Michigan Bar Association started to threaten the newspapers if they printed any more of our settlement announcements. It appears we found a critical piece of the procedure.

Michigan has carefully researched and executed the steps necessary to lawfully established Original Jurisdiction based on our historical documents and the de facto's own writings. The Original Jurisdiction and lawful form of government is that of a Republic. If you listen closely too many of the patriot "gurus" including radio and talk-show hosts, they are touting democracies. Democracies do not work for large

numbers, the Greeks figured that one out. Besides, our historical documents do not support a Democracy, they support a Republic form of Government at County, State and National levels. We are not doing knee-jerk emotional reactions, but well researched, methodical steps towards the goal of getting our Nation back,

Month of March 2013

We amended the title "Operations and Functions" document to read:

"Formulation, operations and functions of the Michigan General Jural Assembly by-laws of the sovereign members of Michigan, a Free and Independent state."

Month of April 2013

We established a Quo Warranto Board of Inquiry to address grievances

We established a Board of Review to address grievances

Month of May 2013

We wrote a Quo Warranto Board of Inquiry Rules of deliberation/Posting document

We published a Notice in three (3) Michigan newspapers about Quo Warranto Board of Inquiry

Month of October 2013

We amended the title: Michigan, a Free and Independent state by adding the word "nation" to read: "Michigan, a Free and Independent nation=state."

Month of November 2013

We did the Enactment Clause and three Addendums.

Month of January 2014

We established MGJA Train the Trainer Education Program

Purpose: To educate people of Michigan, a Free and Independent nation=state about original jurisdiction and Common Law by studying historical documents of our Fore Fathers, and completed the train the trainer training on June 2014,

Purpose: To build Assembly membership (ie. recruitment tool)

Month of July 2015

State of the Trust

6-24-15

As I ponder the past year in review, I must realize the necessity of the accomplishments of the assembly of Michigan, a free and independent nation=state. Of utmost importance is the understanding of our quest and what we are trying to achieve, to return to original jurisdiction. The effort of the tumultuous uphill battle, to throw off the chains of usurpation by our corrupt governance, is not a fast and easy fix. What we have done has enhanced our learning and put us on track to achieving the desired result of removing the corruption from our government.

1) We completed answering the questions of the quizzes in the 5000 Year Leap, to further our knowledge of the purpose of our founders of this nation, based on Christian Principles. Contrary to popular belief, we cannot abandon our basic foundations for the good of all people.

2) We again noticed the governor, Lt Governor, attorney general, secretary of state, office of the great seal and court administrative offices of the State of Michigan, of our grievances and forming of grand juries in our state. Confirmation of delivery was established by postal return receipt mail cards.

3) Re-noticing of the 83 county Sheriff's offices, for the benefit of newly elected sheriffs, to let them know that we are still here insisting that they carry out the duties they took an oath to do. That is to support and defend the constitution of this great land of ours, protect us and our property from foreign and domestic invasion. Again, confirmation of delivery was established by postal return receipt mail cards.

4) We compiled word definitions for our membership documents, the JCO, DOI and DUR. With this information we can better be prepared for our duty and responsibility for ourselves, to each other and above all to our creator. Word definitions of our Mission Statement clarify our purpose and importance of peaceful joining of all people to a common goal.

5) Opening the door to new avenues and public venues is the press release. The opportunity of more exposure in posting on the NESARA website is gaining recognition and momentum.

6) Letters to the editor is obtaining a way to get our message out to the populace of like-minded people. We must constantly look for new ways to draw in new members, to awaken the thinking process of affecting proper governance and personal responsibility.

7) Affidavit of Fact is pointing the way and exposing the abuses that have been pressed upon us. With the inclusion of our New Declaration of Independence and Contempt of Constitution we are highlighting our contention that we have become slaves to our system of governance that we will no longer tolerate. Remembering that it only took three percent of the population to light the fire of the American Revolution, we can make it happen again with our few dedicated numbers and divine providence to guide us. We cannot let

this effort fail, nor the demise of our founding fathers' work to create a land as a righteous "beacon unto the world".

Let us renew our resolve and efforts to save this God Blessed land and our God given individual rights that lay within.

Humbly submitted by your Interim Chief Trustee.

MGJA

State of the Trust 2016

Another year has passed and nothing is happening as some naysayers would say. I beg to differ. A lot has occurred over the past year in our assembly business. Other states and people internationally are taking notice of what we are doing.

Keeping in mind that Rome was not built in a day, we cannot expect to right the wrongs of incremental usurpation of our governance overnight.

In no particular chronological order, I would like to revisit some of our accomplishments. "Letters to the editor" were put in local newspapers with a contact phone number to call. That drew some attention and a few crackpot comments. There is always that 2% that will not get it, no matter how you explain it to them.

A mission statement banner was procured, to emphasize our quest, for all that come to our assembly meetings. Our leadership held a national teleconference call at their location, which generated some ideas and direction. Also a radio talk show got some attention from Anna Von Reitz in Alaska. She seems to think we are on the right track. What other group has done what we have done to establish standing? No rebuttal or harm has come to our assembly members because of it.

A new web site, 1st Michigan Assembly.info, was created with much information to assist other states to do what we have done to establish credibility and to settle their own state in the manner they choose. It is a template and history of authority to once again return to original jurisdiction. Much of this material came directly from "Train the Trainer" program that we studied and made available to our assembly members. This information is further researched and presented by dedicated assembly members, for the education and understanding of all people.

A national call was put in place and is drawing some very informed individuals. Sometimes there is that 2% again, but it is a learning process for us all. It re-enforces our knowledge that we have the correct information available to us and gives us opportunity to test our own understanding by answering questions. Someone once said that all they needed to accomplish their goals was "a few good men" and women. Also in our country's history the American Revolution was won by only 3% of the population participating. This call can help to generate the numbers we need to bring back the nation God provided and intended us to be "a beacon unto the world."

We have seen a few new members, which is encouraging. It is a concerted effort by all, not just a few. It is like, "what can I do to move this assembly effort along, not what can the assembly do for me? Remember, there is no "I" in the words team effort.

It was suggested that we should have notaries in our assembly to give us further standing and witness credibility. We have a few that stepped up and followed the instructions to do so.

A notice to General Dunsford was sent out to question his authority and standing to represent a "new republic of "We THE People". There was no reply. They know they are usurping authority just like the defacto we have governing us now. We did not cast a ballot for Dunsford, how can he represent We THE People. You see we are doing much for people to take notice of what we have done and what we are doing and will continue to do until our goal is complete, that is to re-establish original jurisdiction and God given rights to all people.

God speed, God bless We THE People and our efforts for justice for all.

MGJA

State of the Trust 2017

As we ponder our journey of this past year, we seemingly are moving at a snails' pace. Yet some very important actions have taken place. Let us revisit our accomplishments of this year.

We are continuing our national call with some very informed people contributing to the education of many, to the mis-information we are fed by the present day public schools and news media. Callers from Maine, North Carolina, Florida, Indiana, Ohio, Michigan, Arizona, Colorado, Wisconsin, Utah, Iowa, Alaska and California are some of the states that participate on the National Assembly conference call. Many are repeat listeners and contributors to the conversation, stressing the formation of assemblies to educate and settle counties and states.

A committee to help other states learn what information and process is needed to form assemblies and settle their counties and state. Illinois is our infant to practice our Train the Trainer skills in helping other states. They have some very informed people who have done their research and are willing to share information. We are finding other people of like mind to find the pieces of the puzzle needed to return our governance back to original jurisdiction of a Republic. It has always been the intention of our process to inform and educate, to gain the numbers necessary, so that the DeJure governance can take back the liberty that is rightfully ours, peacefully and completely, not just one personal agenda at a time.

1st Michigan Assembly.info web site was established with the handbook to educate.

This web site, as well as Michigan DeJure.org is referred by the Nesara news web site for letting the world know what, why and how we are doing the necessary process to return to original jurisdiction. We have maintained our record and our standing as a legitimate, dedicated and determined assembly of people, willing to sacrifice and do what is necessary to preserve our God-given rights and our country for generations to come.

We convened our national congress.

We have maintained our state house of representatives and senate with monthly and quarterly calls respectively.

We have continued to move forward while keeping the assembly and its members safe. We ask for divine guidance in our efforts to continue our mission to enjoy and secure our liberty so we can enjoy the freedoms for all people in this great land our creator provided for us.

As responsible stewards on the land, we have an obligation and a duty to preserve, honor, and respect what has been given us, to use and care for in the short time we are here on this earth.

Date 23 July 2018

MGJA State of the Trust 2018

Another year has passed in our quest to restore original jurisdiction by We THE People of Michigan a free and independent Nation=State.

This year we have continued our two web sites, Michigan DeJure . org and 1st Michigan Assembly . info, the latter being the site to which we post generic documents for information on how to form assemblies.

Nesara web site continues to post our documents and links to both our web sites. With this referral, the National Assembly conference call was formally established in March of 2018.

It has gained much needed attention with over 30 states being represented. Other states are forming their own assemblies and some are nearing the goal of settling their state with the numbers necessary.

In April 2018, so many states were asking for help in the process of forming assemblies, that an Officers Committee Conference Call was formed to produce generic documents, for assembly approval, to post on the 1st Michigan Assembly . info. This enables other states an outline to follow to settle their state.

Michigan maintains its status and standing by holding annual election of officers. Each are sworn, under oath, to uphold their duty and commitment to the assembly and each other.

We continue to research, study and educate.

- 1) Ten steps to forming an assembly was posted as a handbook for other states to use as a template.*
- 2) Articles were written as encouragement to move forward, such as, " Cast off the Dark of Night ", " Are you happy with your government " and " The United States of America and why it is Doomed " .*
- 3) A FOIA (freedom of information act) study was done and how we might use it.*
- 4) An updated time line was produced.*

We cannot stress enough the importance of total member participation and recruiting, since we all know, we have to have the numbers before the De Facto will take us seriously.

I have but one life to live. I, for one, want to preserve our liberty, to have the freedom to make a difference and protect this Republic for future generations to come.
